

T5 LED Grow Lights**T5-LED30W/4ft Full Spectrum****SKU#96601**

- Description:** Directly replacement for 54W T5 Fluorescent lamp and compatible T5 fluorescent fixture ballasts
Proprietary phosphor technology provides full spectral for both Vegetative and fruit/flower stages during a full-cycle growing
No working temperature
Saving growing space and accessible using to plant canopy
Saving 45% energy versus 54W fluorescent T5 lamp
- Application** Vegetative growth/ perfect lighting

**Electrical Data/Requirement**

Wattage(W)	30
Bare Wattage(W)	24
Power Factor (PF)	0.95
Initial Lumens (Lumens @ 100 hours)	3000
Efficiency (Lm/W)	125
Photon flux($\mu\text{mol/s}$)	50
Rated Life (Hours)	50000
Correlated Colour Temperature (K)	4000
Colour Rendering Index (CRI)	95
Beam Angle($^{\circ}$)	240 $^{\circ}$
Spectrum	Full spectrum

Physical Data/Requirements

Body	Clear glass
Base Designation	G5
Bulb Designation	T5
Bulb Diameter (mm)	16
Length (L) (mm)	1200

Notes :
