Electrical Equipment Calculations

Use to determine eletrical service needed, distribution of power, dedicated circuits and generator requirements										
Green house Equipment	Generator	Units	amps	volts	watts	kwh	Op hrs	Daily kwh	Operating Days/Yr	Monthly kwh
	1									
Aquaponic Equipment										
Totals										

Elecrical Consumption

		Total building			% of Bill for	
Date	Total kWh Used	electric	% used for Growing	Electric Bill	Growing	Cost per kWh

Water Consumption Data

	Aquaponic System		Wet Wall Water			•					
Date	Top Off Water Meter reading	Total gallons	Wet Wall Meter reading	Total gallons	Total Consumption (gal)	Daily Consumption (gal)	Farm Total Gallons Used	Billable Water Useage Gallons	Water Bill	Sewer Bill	Total Utility Bill

Heating System Utilities

Greenhouse Heaters				Wa	ater Heater Sys	stem			
Date	Meter Reading	Total Use (cubic feet)	Total (Therms)	Meter Reading	Total Use (cubic feet)	Total (Therms)	Combined therms greenhouse and water heater	Utility Bill	Cost per Therm
